## IEI Celebrates World Environment Day - 2015

1. Er. Inderjit Singh, FIE; Former Chief Engineer, Hydraulics, J&K Govt. Jammu flanked by Er. Hem Chander Jerath, FIE; Chairman & Er. Mohinder Singh, MIE; Honorary Secretary of The Institution of Engineers (India), Jammu Centre while on the dais.
2. A section of audience during the seminar.

The Institution of Engineers (India), Jammu Local Centre celebrated World Environment Day in its auditorium at Channi Himmat, Jammu. A seminar on the theme topic "Seven Billion Dreams. One Planet. Consume with Care". was organized in which large number of engineers, Environment lovers, academicians and members of the civil society participated.

**On this occasion Er. Inderjit Singh, FIE; Former Chief Engineer, Hydraulics, J&K Govt., Jammu was the Chief Guest. Er. Hem Chander Jerath, FIE; Chairman of Jammu Local Centre presided over the function.**

At the outset, Er. Hem Chander Jerath, FIE; Chairman presented the *Welcome Address*. Thereafter, six numbers papers embracing the theme topic were presented by Er. S.C. Thukral, FIE; Er. P. K. Nanda, MIE; Er. B. L. Rawal, MIE; Er. Vijay Kumar Sharma, MIE; Er. Supinder Jeet Singh, AMIE & Er. Parul Sharma, AMIE.

The speakers touched the most vital issues pertaining to Jammu town which need attention of all

the citizens & stakeholders in the Govt. as well as NGOs to make it a town sustainable worthy in the times to come. These important issues comprised of construction of more parking lots and introduction of concept of *terrace parking* in Jammu.

Er. Inderjit Singh, FIE

Er. Inderjit Singh, Chief Guest appreciated the efforts of The Institution of Engineers (India) for taking keen interest in the environmental issues. He recalled the condition of Jammu 20–25 years back when number of vehicles and air conditioners were very less and ecology of the town was more stable than is now. He requested all to use the concept of *car pooling* so that hydrocarbon emissions in the atmosphere is reduced to save our environment and depleting ozone layer.

**Er. Mohinder Singh, MIE; Honorary Secretary conducted the proceedings of the seminar and presented *Vote of Thanks* to the august gathering for making this function a grand success.**

### Autodesk Overview

Autodesk is the pioneer in this field and were the first one to introduce CAD software by the name of AutoCAD in 1982.

For more than 30 years, Autodesk software has helped designers, engineers, visual artists, students and makers imagine, design and create a better world. Advances in accessible 3D design and fabrication technology are disrupting the design, engineering and entertainment professions as we know them. As a result, Autodesk is expanding beyond our design roots and applying our industry insights to usher in a new era of making things.

Over 100 million people use Autodesk software like AutoCAD, Revit, Maya, 3ds Max, Fusion 360, SketchBook, and more to unlock their creativity and solve important design, business and environmental challenges. Our software runs on both personal computers and mobile devices and taps the infinite computing power of the cloud to help teams around the world collaborate, design, simulate and fabricate their ideas in 3D. If you've ever driven a high-performance car, admired a towering skyscraper, used a smartphone, or watched a great film, you've experienced what Autodesk customers are doing with our software. We are headquartered in the San Francisco Bay Area and have more than 7000 employees worldwide.
